

Consultant Biography

SUPRIYA DIKSHIT

Supriya Dikshit serves as Executive Vice President in the firm's Mumbai office and brings with her nearly 16 years of executive experience, over 13 of which have been in extensive search. During her tenure, she has worked with a broad range of global clients across various industries and successfully completed assignments across India, Middle East, the United States and Europe.

Prior to her current position, she was the National Practice Head of Pharmaceuticals, Healthcare and Life Sciences with India's largest executive search and selection firm. Supriya started her career in recruitment with this firm managing the business development, client relationships and delivery of mandates in the Engineering, Chemicals, Textiles & Infrastructure space. Supriya's expertise covers a breadth of industries which she proved while leading the Consumer, Retailing & Service practice in Mumbai. Building upon her those successes, in 2002 she started the Pharmaceutical, Healthcare and Life Sciences (PHL) vertical in Mumbai, then grew it nationally across four locations. Additionally, Supriya has excelled working on key technical searches across R & D, Clinical operations, Regulatory Affairs, Sales & Marketing, SCM, Manufacturing, Strategy in the Pharmaceutical & Devices space.

Supriya started her career with Siemens Ltd in Mumbai in which she was in the Research & Development department within the Medical Division. Graduating 5th in her class, Supriya holds a Bachelor's Degree in Biomedical Engineering from Mumbai University.
